Lapsley Road Carpark, Claremont

30 June 2021

Dear Resident,

Capital Works Project 2020-21 – Lapsley Road Carpark, Claremont

We are pleased to advise that the Capital Works Project for the Lapsley Road Carpark Project is scheduled to commence.

This work has been scheduled to be completed with works coinciding with the planned pool closure. The major works should all be completed by Friday 30 July 2021, weather and contractor availability permitting.

Please note that throughout construction, access to the carpark will be closed to the public to ensure the safety of Council staff, contractors, and the public. Parking for the Golf Club and the Aspire Gym will still be available at the Claremont Pool, even though the pool is closed.

Works are expected to occur during typical working hours [between 7am and 5pm] on weekdays. Whilst it is inevitable that works of this nature will cause some inconvenience, every effort will be made to ensure that this is kept to a minimum.

During the works, large machinery will occasionally need to access the site from Lapsley Road. At those times the Town may seek your cooperation to enable access by requesting that cars are not parked on the north side of Lapsley Road near to the car park entrance. Council Rangers or Authorised Contractors will place traffic cones on the road when this manoeuvring room is required.

If you have any queries regarding this project or would like further information, please contact me on 9285 4300.

Yours sincerely

A handwritten signature in cursive script, appearing to read 'Wayne Mo'.
