TOWN of CLAREMONT
Est 1898

To the Resident,

Community Consultation,
Shenton Road Safety Upgrades

2 November 2026

Dear Resident,

Community Consultation: Shenton Road Safety Upgrades

The Town of Claremont wishes to inform residents and road users of upcoming improvement works on Shenton Road in April 2027. These works will include road resurfacing, kerb reconstruction, and drainage upgrades as part of the Town's ongoing asset maintenance program.

As part of these works, the Town is also proposing a range of road safety improvements, including the installation of road humps and raised plateaus at key locations along Shenton Road. These traffic-calming measures are designed to reduce vehicle speeds, improve driver awareness, and enhance safety for all road users, particularly pedestrians and cyclists.

The proposed safety upgrades include:

1. Shenton Road / Wright Avenue Roundabout Upgrade:
   Installation of road humps at the roundabout intersection to assist in reducing vehicle speeds through the intersection. (refer to the attached concept plan)
2. Shenton Road / Stirling Road Roundabout Upgrade:
   Installation of road humps at the roundabout intersection to improve traffic safety and speed compliance. (refer to the attached concept plan)
3. Raised Intersection Plateaus:
   Construction of raised plateaus at the intersections of Shenton Road with Saladin Street and Devon Road to improve pedestrian safety and further reduce vehicle speeds. (refer to the attached concept plan)

Community Consultation & Next Steps
The Town values community feedback and invites residents to comment on the proposed road safety upgrades.

308 Stirling Highway, Claremont WA 6010 | PO Box 54 Claremont WA 6910
Phone (08) 9285 4300 | Email toc@claremont.wa.gov.au

Feedback can be submitted via email to toc@claremont.wa.gov.au.

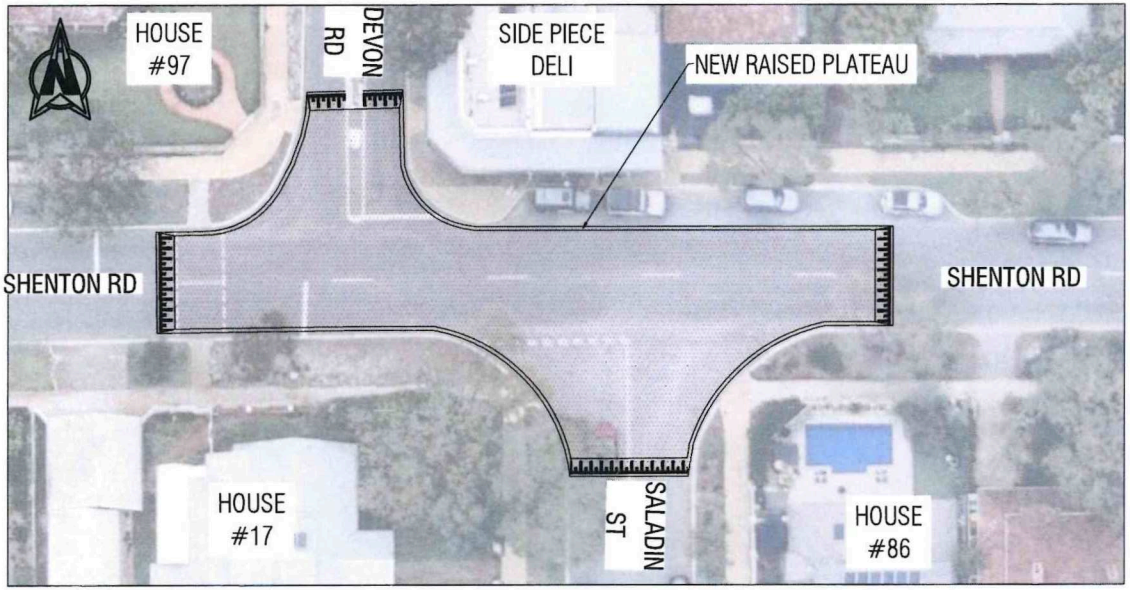

All feedback received will be considered during the detailed design and implementation planning stages of the project. Residents are requested to submit their feedback by 6 December 2026. Feedback received after this date may not be considered.

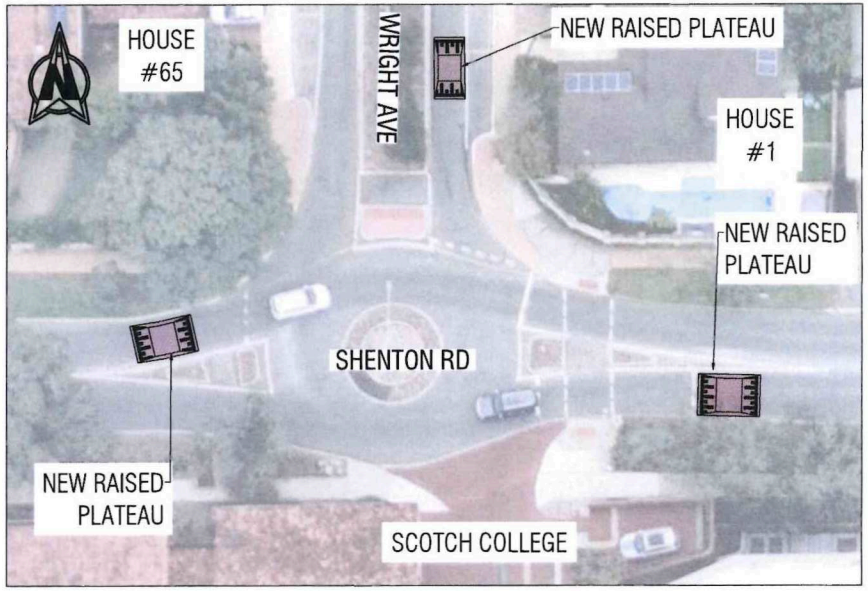

Yours sincerely,

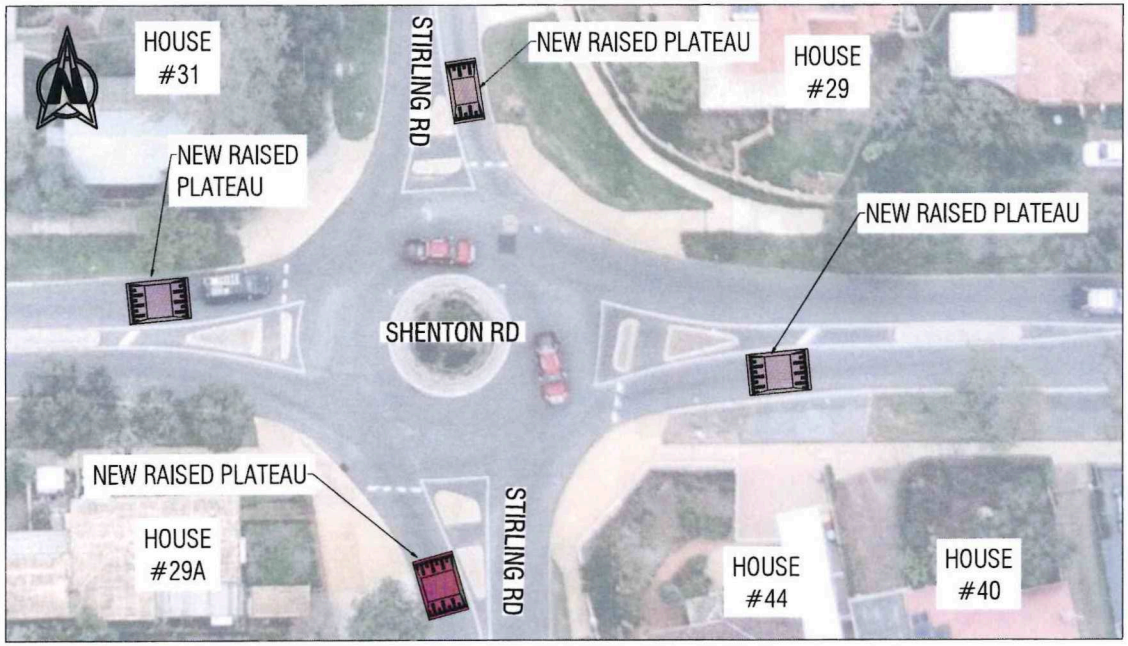

Vinay Gupta
Project Officer
