I have lived in Swanbourne for over 27 years, taking full advantage of the excellent schools, beautiful parks, and stunning beaches that make our community unique.

It's essential to acknowledge the delicate balance between economic realities and our collective aspirations. I am committed to striking this equilibrium. The State Government is increasingly taking a more direct role in planning decisions, it's imperative that our Council stand up for our local community and negotiate for better outcomes. My commercial background, which includes owning and operating two private businesses, has earned recognition through innovation awards and a Telstra Small Business award. I believe this experience equips me with the skills to advocate for a vibrant, sustainable, and community-friendly environment that benefits all ratepayers. I will work collaboratively with councillors to ensure that Claremont continues to thrive as a place we are all proud to call home.
